

WOODLAND OWNERS' ASSOCIATION, INC.
11 University Way, Suite 4
Brattleboro, VT 05301

The purpose of the Woodland Owners' Association is to promote sound forestry practices, principally through creating interest in and spreading knowledge about making wise use of our woodland resources. Too many woodlot owners neglect their forests, unaware that a relatively small outlay will produce substantial returns, as well as conserve and increase one of Vermont's principle assets.

In becoming a member, you not only have the opportunity to increase your knowledge of how to care for your woodlot, but also to encourage others to learn – a truly worthwhile cause. You do not have to own woodland to join. Anyone interested in promoting our goals, receiving our newsletter, or attending meetings and workshops is welcome.

Our membership year runs from July 1st through June 30th each year, with the Annual Meeting being held in September. Basic annual dues are only \$10.00.

Our income is used to further forestry education of young and old through scholarships, periodic newsletters (4 – 6 per year), bulletins, meetings and field trips. All membership fees above the basic \$10.00 may be placed in the Memorial Scholarship Fund or the Halsey Hicks Education & Program Fund, and such amounts are tax-deductible.

(Cut here, please)
